

K-LOVE serves me as a resident of my local community by satisfying my desire to have a Christian radio station available to me 24 hours a day. In a world full of so many hateful and immoral things, I am so happy to be able to constantly fill my mind with the "positive and encouraging" message of K-LOVE. It is the most fulfilling message on the air waves today. I am thankful that I can turn on my radio in any city and know that I can find the consistency of their station. K-LOVE is very inspiring to many people and can change one's day or life with the power of song lyrics. They also provide wise commentaries by both artists and public speakers. They are able to make the public aware of faith-filled events in their area. If my radio station was to be displaced by an LPFM broadcaster, I would be extremely upset. I probably would not listen to the radio anymore, but rather to my own CDs. I am sick of the garbage that fills my ears when I flip through stations. I am sick of the commercials and un-edited trash that flies out of DJs' mouths. When I have children one day I want to be able to fill their little minds with the words of truth. Our first amendment grants us freedom to speech and religion and I want my children to experience that with the option of a positive radio station. Please don't take that away from us.
